

Get on top of the world with GEOGRAPHY

Dear Student

Congratulations on your decision to join the Geography teaching profession!

SAGT was established in 1970 (legend has it at the top of Kindrogan Hill!) and now has a membership of around 600. We are proud to be among the most active of subject associations and each year work hard to support Geography teachers around the country. The association is regularly consulted by SQA and other bodies about various Geography matters thereby playing an important part in promoting the profile of the subject.

There are many benefits to joining SAGT, some of which I have outlined below;

- Password protected area of the SAGT website giving access to powerpoints, guides on teaching techniques, new IT skills and other resources
- Newsletters with the latest subject and SAGT news from your area representative that provide feedback from the committee meetings
- Annual conference in late October which is attended by over 300 delegates and is a superb occasion for networking and gathering new, exciting resources and ideas
- Annual excursion to various locations both at home and abroad

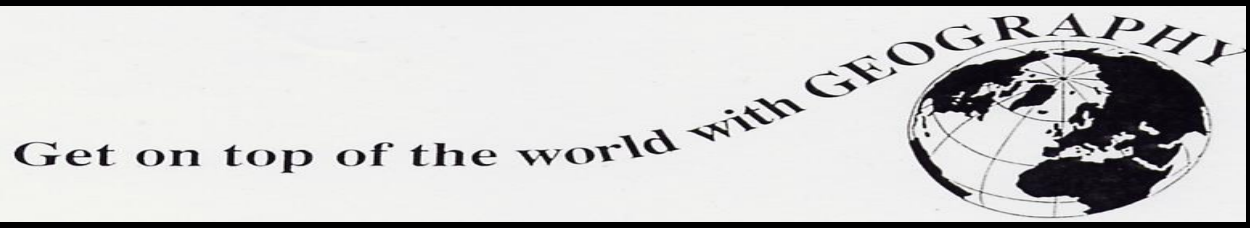

Student membership is free! We warmly invite you to join the association during your student year and hope that you will continue your membership into your NQT year (£20 at present) and further into your teaching career.

If you would like to join SAGT please fill in the enclosed form and return it to the address indicated. Managing our large database of members is always a challenge and I would therefore ask you to keep me updated with any changes in your contact and employment details, in particular your email address.

I look forward to receiving your forms!

Ross

Ross Miller
SAGT Subscriptions Secretary

SCOTTISH ASSOCIATION OF GEOGRAPHY TEACHERS
